

IT'S TIME FOR A FRESH START

Re-Registration begins August 1st!

Will you be joining us for another great year?

It is necessary to find out which Young Marines and Adult Volunteers will be returning for another year.

For those Young Marines and Adult Volunteers who will not be re-registering this year, we would like to Thank You for the time you have spent with us and contributing to strengthening the lives of America's youth.

Units that are not re-registering can find the Unit Termination Form in the Library. Please follow all instructions completely to properly close.

Annual Re-registration starts August 1st.

For those of you who have been around a while, you know how easy this process is to complete in the database. And for those of you who are new, or need a quick overview on how to get your unit's re-registration requirement done, please visit the LIBRARY at members.youngmarines.com/library or www.ymdb.org.

In the LIBRARY you will find Re-Registration Instructions, Frequently Asked Questions and a Power Point that can help guide you through the re-registration process.

Re-Registration is a requirement for ALL units.

Failure to re-register by September 30 will result in automatic closure of the unit. Unit's charter and insurance will be suspended immediately on September 30 if re-registration has not been completed.
